#### **Policy Statement**

Swimming Canada maintains a national registry, including Provincial Section members, Special Interest Group members (High Performance Clubs, CSCTA, Athletes Council, OCRC, MSC), clubs, swimmers and coaches.

#### **Purpose**

National Registration, guided and directed through a central point, is intended to make it possible for swimmers to make a smooth transition between developmental levels, and governing jurisdictions. National registration system data is tied to competition entries, results, rankings and records for the purposes of accurate and prompt postings, and development and maintenance of competitive results history.

#### **Application**

Swimming Canada sets rules and procedures for all aspects of swimmer registration. Provincial Section members have the obligation to inform clubs and club registrants on procedures and consents required. Provincial Section members may introduce procedures and rules in addition to Swimming Canada's standards and requirements.

An on-line database will be maintained by Swimming Canada for the purpose of Provincial Section, special interest group members, club, university/college team, coach, officials and swimmer registrations under the supervision and accountability of the CEO or delegate.

All Provincial Section members, special interest group members, swimmers, coaches and officials must be registered on an annual basis.

## OPERATIONAL PROCEDURE AND RULES

### NATIONAL PROCEDURE AND RULES - ASSOCIATIONS

#### **1. Purpose:**

Whereas Swimming Canada embraces the concept of Associations as a means to exercise “economies of scale” in providing an enhanced training and competitive atmosphere for swimmers, it has been deemed appropriate that Provincial Sections (PS) will be tasked with reviewing their respective Association applications and ensuring annual compliance to the operating structure requirements. The following rules and procedures govern the formation, structure and function of an Association.

#### **2. Procedure and Rules:**

- 2.1 Age Group Clubs and University Teams/CEGEP programs must apply for affiliation and register with their PS as individual clubs.
- 2.2 Age Group Clubs and/or University Teams/CEGEP programs wishing to form an Association must apply to the respective Provincial Section for Association approval.
- 2.3 An Association must register with the respective Provincial Section on an annual basis and undergo an annual review to ensure adherence to the operation structure outlined below. Registration is for the period of September 1 to August 31 of each year.
- 2.4 An Age Group Club and/or University Team may be a member of only one Association at any given time.
- 2.5 A registered Association will not be granted voting status within the provincial or national jurisdictions
- 2.6 Associations do not process swimmer or coach registrations. Swimmers and Coaches are required to register with an Age Group Club/ University Team and Coaches to be registered with a club
- 2.7 Athlete transfer procedures are not affected by the existence of an Association; however, swimmers moving within clubs in an association may still compete for the Association during the unattached period.
- 2.8 Provincial Sections will set their own annual Association fees, payable no later than October 31<sup>st</sup> of each year, or upon approval of new Association status by the PS Executive Director / Technical Director
- 2.9 Associations in all provinces are required to meet the following operating structure requirements prior to approval/renewal. PSO’s may set additional requirements
  - a) An Association must provide proof of incorporation in the respective provincial jurisdiction as a legal entity (a registered “not-for-profit” society or a “for profit” business)
  - b) An Association must provide signed, written agreements by the President and Head Coach of each program or club involved
  - c) An Association must have a constituted Board of Directors and provide an outline of the Association’s formal decision-making structure

Expected results and performance measures for years 1, 2 and 3 must be included in this submission
  - e) An Age Group Club and/or University team may join an established Association at any time
  - f) An Age Group Club and/or University team may not transfer or change Associations except after the final SNC designated competition of the season and prior to September 30 each year
  - g) An Age Group Club and/or University team may compete representing an individual club/team, or their respective Association at any competition, but all swimmers of the program must compete as that entity for the entire competition
- 2.10 Annual Review: Each Association will be reviewed on an annual basis by the Executive Director or their designate. The purpose is to ensure compliance to requirements stated in the operating structure

---

outline. The Executive Director will give non-compliant Association(s) a three-month period to make the appropriate changes to their operating structure. Failure to comply will result in suspension of the Association.

- 2.11 A Provincial Section or Swimming Canada may create Associations for the purposes of National Team, Provincial Team or Regional Team representation. Any club registered in the respective Province can be affiliated with the Association. Examples of Provincial Team Associations are CAN, TOBA, TEAMNL, ZONE9, etc.

## NATIONAL REGISTRATION PROCEDURES AND RULES – U SPORTS AFFILIATED TEAM AND CEGEP COLLEGE TEAM

### 1. Purpose:

The national registration process serves to track and monitor the demographic profile of the Swimming Canada membership for the purposes of strategic planning, programming, event sanctioning and reporting requirements. The University/College team and Varsity swimmer registration cycle begins annually on September 1<sup>st</sup> and expires on March 31<sup>st</sup>.

### 2. Procedure and Rules:

- 2.1 U SPORTS affiliated and CEGEP (FNQ only) College swimming teams affiliate with Swimming Canada for the swim season through their provincial section.
- 2.2 A provincial section may levy its own University Team registration/affiliation fee in addition to any required Swimming Canada fee
- 2.3 All swimmers participating in a U SPORTS or a CEGEP College program must be registered in the *University-Varsity* or *University-College* category with the University/College team through the SNC Registration database system.
- 2.4 All swimmers participating in an FNQ affiliated CEGEP swimming program must be registered in the *University-College* category with the CEGEP team through the SNC registration database system.
- 2.5 All swimmers registered in the *University-Varsity* or *University-College* registration category may represent the University Team or CEGEP College in any SNC competition including SNC designated competitions with a start date between September 1 and March 31.
- 2.6 Between September 1 and March 31, swimmers registered in the *University-Varsity* and *University-College* category and wishing to represent their home/age group club in a competition, must register concurrently with their Age Group club in the *Competitive Open-Varsity* registration category. A *Competitive Open-Varsity* registration with the club is valid through August 31. See: *Registration Rules and Procedures - Swimmers*.
- 2.7 After March 31, swimmers who were registered only with the University/College team, in the *University-Varsity* or *University-College* category who wish to continue to train and compete must be registered with their Age Group club in the *Competitive-Open* category. - Likewise, Varsity swimmers wishing to also represent their Age Group club in any sanctioned competition at any point in a season, must register concurrently in the *Open-Varsity category* with their home/age group club (registration valid from September 1 to August 31).
- For competitions that have a start date between April 1 and August 31, the swimmer can only represent their Age Group club.

**NOTE: Only swimmers attending a Canadian University can register in either the University-Varsity or Open-Varsity category.**

---

## NATIONAL PROCEDURE AND RULES - CLUB CODE

### 1. Purpose:

Whereas Swimming Canada has a desire to collect performance data for all members; and whereas SNC wishes to rank and/or display performance data from time to time as a member service; it is in the interest of the organization to represent such data as accurately and reliably as possible. To facilitate such a service, it is important to standardize and regulate the use of “club codes” as part of the equation towards collecting and compiling consistent and reliable data.

### 2. Procedure and Rules:

- 2.1 All clubs currently affiliated with a Provincial Section (PS) and thereby affiliated with Swimming Canada shall have a distinct “club code” of a maximum of 5 common digits, to be used for the purposes of identifying such clubs through the common entry procedures as practiced in sanctioned competitions in Canada.
- 2.2 It is the responsibility of both the entering club and the meet management to ensure these rules and procedures are adhered to.
- 2.3 In the case of existing duplicate codes, the longest standing Swimming Canada affiliated club will be given first right to retain the original club code. The second club will be offered alternatives or can suggest alternatives to be used provided that they do not create duplication. Swimming Canada must determine that the history of the second club’s results and swimmers will not be affected by the change of club code.
- 2.4 New clubs may suggest or be assigned a code by the PS. The PS is required to check with the National Registrar to ensure the availability of the requested code. The National Registrar will determine that the code is not a duplicate.
- 2.5 Clubs wishing to change their name and code must apply to the PS requesting a new name and code which the PS is required to confirm with the National Registrar that it does not duplicate any existing club code and is an available club code.
- 2.6 In the following scenarios where a registered swimmer is not eligible to represent their club in a competition, the following alternate club codes can be used to enter a competition. The use of the following does not change the registration affiliation of the swimmer;
  - a) **UNAB, UNBC, UNNL** etc.: club code designation for a registered swimmer during the 60 day unattached period for 2<sup>nd</sup> or subsequent transfers when they are ineligible to represent their new club in a competition.
  - b) **UNVAR**: club code designation for any/all University registrants complying with NCAA regulations while competing in a Swimming Canada sanctioned competition. This swimmer must also be registered with a Canadian Age Group club, or in the case of Simon Fraser University (SFU); be registered as University-Varsity between September 1 and March 31.
  - c) **UNMQC, UNMSK, UNMNB** etc.: club code designation for a Masters type swimmer who does not register with a club, but registers directly with the PSO where applicable.
- 2.7 **UNCAN**, “Unattached Canada”; this club code designation is reserved for permanent non-resident Canadian citizens, who have registered directly with Swimming Canada for the purposes of competing at a Trials event or a selection competition.
- 2.8 **SKNCC, ONNCC, NBCC** etc. is the club code designation for the entities set up by Swimming Canada in the registration system for registration of Independent Coaches, initiated by the Provincial Registrar. The entity name and code will be “Province abbreviation, Non-Club Coach” These club codes will not be accepted in any meet entry process.
- 2.9 **HPCVIC, HPCVAN, HPCONT and HPCMTL** will be the entities and club codes set up by Swimming Canada to be used to register Swimming Canada High Performance Coaches at the respective Centre or NextGen Program by the Provincial Registrar. These club codes serve only as an entity for coach registration, not for swimmer registration.
- 2.10 Each Province will create a club entity for the purposes of registering PSO coaches or staff or Learning Facilitators, Master Learning Facilitators with the Province, Swimming Canada and the CSCTA. The

---

name and code may vary from province to province and should reflect the PSO name. Examples are **SWIMBC, SWIMNL, and FNQ.**

- 2.6 A transfer is effective on the date the approval is formally given by the Provincial Section.
- 2.7 Upon approval of the first transfer in the swimming season, by the releasing Club and Provincial Section, the swimmer may then represent his/her new club in a competition.
- 2.8 Second and subsequent transfers within the same swimming season (September 1 to August 31), following approval by the releasing Club and PS, shall be accompanied by a 60 day unattached status period where a swimmer is considered registered, but may not represent his/her new club in a competition (including scoring points or swimming in a relay) and must be entered into meets as "unattached - province" (i.e. UNBC, UNON, UNNS). Reference: National Club Code Procedures and Rules in this Manual
- 2.9 A swimmer transferring to a club in another Provincial Section (PS) will pay the full provincial and any upgrade fees, if applicable, of the new PS. For transfers April 1<sup>st</sup> onwards, Provincial Sections have the authority to apply swimmer reduction fees. The Swimming Canada fee will not be charged twice.
- 2.10 A swimmer who has been suspended by the Club, Province or SNC is required to follow the *National Suspended Swimmer Procedure and Rules* contained in this manual.

#### Notes:

- > These transfer rules apply only to transfers between Age Group Clubs. Swimmers moving between an Age Group Club and a University, Masters or Summer Club are not considered transfers.
- > These transfer rules state that the former (or releasing) club will be defined as the last club that the swimmer was registered with; irrespective of how long ago the swimmer was registered with that club. For example: registering with a new club at the start of a season is considered the first transfer for that season, any subsequent transfers would require a period where the swimmer would not be eligible to represent the new club in a competition for 60 days. See: *National Procedures and Rules – Club Codes* in this manual, for clarification of club code use.

### 3. Procedure for registrants of a suspended club to transfer

- 3.1 Registrants of a suspended club are eligible to transfer to another club as per the National Transfer Procedure and Rules.

- 3.2 The transfer of a registrant from a suspended club is initiated by the receiving club when registering a swimmer. In this case the Provincial Registrar has the authority to release the swimmer and process the transfer.
- 3.3 In the instance of transfers from a suspended club, Swimming Canada has the authority work with the PSO to waive the transfer count for the swimmers.

## NATIONAL REGISTRATION PROCEDURE AND RULES - CROSS PROVINCE SWIMMER REGISTRATION

### **1. Purpose:**

Whereas Swimming Canada wishes to support both the choice for a swimmer's training opportunities and provincial jurisdiction related to membership, it has been deemed appropriate to apply a nation-wide Cross-Province Registration Procedure to govern the registration of swimmers from one province to a club in a non-resident province. The National Swimmer Transfer Procedure must be complied with for all potential cross-province swimmer registrations involving the transfer of a registered swimmer or a formerly registered swimmer.

### **2. Cross Province Swimmer Registration Rules and Procedure:**

This procedure shall act as a formal mechanism to initiate a swimmer registration with a club in a different provincial jurisdiction than their permanent provincial residence.

- 2.1 Swimmers wishing to register or transfer to a club in a different provincial jurisdiction from their permanent residence must provide notice of their intent to the National Registrar and the Provincial Registrar of their home residence.
- 2.2 Swimmers wishing to register or transfer to a club in a different provincial jurisdiction must be a member-in-good-standing in the province in which they are currently registered with and must demonstrate that the majority of training shall be on-site with the new club. An email from the Head Coach of the "receiving club" outlining the on-site training expectations to both the national and provincial registrars shall fulfill the requirement. Pending successful proof of this requirement, the registration or transfer request shall not be unreasonably withheld.
- 2.3 Swimmers wishing to register or transfer to a satellite program of a club in a different provincial jurisdiction shall only be considered if the satellite program and the root club are within 100km of one another.
- 2.4 Swimmers who cannot demonstrate that the majority of training will be done with the proposed new club will be denied the opportunity to register with that club/province.
- 2.5 Age Group swimmers from a geographic location where the closest affiliated Swimming Canada club is in a different provincial jurisdiction; and where the closest affiliated club in the swimmer's home provincial jurisdiction is greater than 100 km away; may apply to the national registrar for consideration.
- 2.6 This Procedure does not apply to the following situations where specific Swimming Canada rules shall govern:
  - a) Swimmers competing in the U SPORTS/NCAA.
  - b) Swimmers enrolled in a graduate studies program and who are post U SPORTS/NCAA eligible.
  - c) Swimmers who are Canadian citizens and permanently residing outside of Canada.
  - d) Swimming Canada High Performance Centres or NextGen Program.
  - e) Masters swimmers

## NATIONAL REGISTRATION PROCEDURE AND RULES - SUSPENDED SWIMMERS

### 1. Purpose:

Whereas Swimming Canada has a vested interest in creating an environment where both clubs and individuals have reasonable opportunity to pursue success; and whereas Swimming Canada wishes to support disciplinary actions imposed by the Clubs and the Provincial Sections on its members, it has been deemed appropriate to apply a nation-wide Suspended Swimmer Procedure.

### 2. Suspended Swimmer Procedure:

The Suspended Swimmer process shall act as a formal mechanism to support disciplinary actions imposed by a Club or Provincial Section on their members.

- 2.1 Clubs who have suspended a member from entering competitions must inform the Provincial Registrar, who will consult with the Provincial Section ED. The Provincial Registrar has the authority to activate the swimmer's *suspended status* in the membership database.
- 2.2 A swimmer with a *suspended status* will be prohibited from entering a sanctioned competition.
- 2.3 A swimmer with a *suspended status* will retain his/her training privileges and is entitled to insurance privileges unless otherwise noted in the terms of their suspension.
- 2.4 A swimmer with a *suspended status* wishing to change clubs must make a request to the Club Registrar of the new club to initiate a transfer. The Club Registrar of the receiving club must provide notice of their intent to the Provincial Registrar. The Provincial Registrar has the sole authority to initiate this transfer and will do so only after discussion with the current (releasing) club.
- 2.5 Once the swimmer's suspended status is removed by the club, a club official must inform the Provincial Registrar who will consult with the Provincial Section ED and has the authority to remove the *suspended swimmer status*.
- 2.6 Upon determining that a swimmer suspension will be imposed a time period (start date and end date) shall be defined.
- 2.7 The *suspended swimmer status* will not be carried over from one swimming season (September 1 to August 31) to the next season without reassessment by the Provincial Section ED
- 2.8 The specific actions which brought on the need for a suspension as a disciplinary action will affect the basic suspension terms listed in the points above.
