REFERENCE BOOKLET FOR MEET SANCTIONING

The purpose of the Meet Sanctioning Reference Booklet is to assist clubs and meet managers in preparing an application for meet sanctioning.

- Sanctioning is mandatory if you are collecting a swimmer fee or entry fee
- Sanctioning is mandatory if you want times to be officially recognized by Swimming Canada/Swim Manitoba
- Sanctioning helps to ensure a safe, fair meet; guarantees that all times will be recognized and publicly available
- Sanctioning provides for SNM insurance coverage of the host club, volunteers, officials and athletes
- SNM only considers sanctioning applications for meets on the approved SNM Competition Schedule

The Booklet outlines the application process and provides Meet Managers with help to complete the required forms.

Responsibilities of the Meet Manager for meet sanctioning

The Meet Manager is responsible for:

- completing the SNC Meet Managers course before taking on the role of Meet Manager
- reading SNM: NEW Competition Policy
- reading the International Paralympic Committee-Swimming (IPC) sanctioning procedure (if applicable)
 1. submitting a meet listing on the Swim Canada (SNC) web site
 2. developing the meet package
 3. submitting the meet package, training tank rental form & equipment rental form to SNM
 4. applying for IPC sanctioning (Championship style meets - if applicable)

Each Meet Managers as assigned by their club, requires a username and password to login into the Meet Sanction, Entries and Results System (<https://www.swimming.ca/Registration.aspx>) on the Swim Canada (SNC) web site. After logging in, Meet Managers can list a meet, view meet entries, download entry files to Hy-Tek Meet Manager, and upload results.

If you do not have a SNC username and password, contact your club administrator who will set this up for you. The club administrator is usually the person in your club responsible for swimmer registration. The administrator is the only one who can set up users, create logins and passwords, and add, edit or deactivate a Meet Manager on the SNC system. Once you have your username and password, you can login as a Meet Manager and edit your own contact information and select a new password. Clubs can have multiple Meet Managers listed.
